A dimly lit photograph of three people sitting around a table, working on laptops. The scene is dark, with the primary light source being the screens of the laptops. The person on the left is seen from the back, typing on a laptop. The person in the middle is a woman with long dark hair, smiling broadly. The person on the right is a man with glasses and a denim jacket, looking towards the woman in the middle. There are several notebooks and glasses on the table. The overall mood is collaborative and focused.
